Career Objective

Passionate and results-driven React Native Developer with 6+ years of cross-platform experience in building scalable, high-performance web and mobile applications. Seeking to leverage strong technical and problem-solving skills to contribute to innovative teams in fast-paced environments.

Technical Skills

Frontend: React Native, JavaScript, Ext JS, Angular, HTML5, CSS3, Bootstrap

Backend: Node.js, Ruby

Database: PostgreSQL

CMS/Tools: WordPress, Tableau, VS Code, Git, Salesforce Integration

Development Practices: REST APIs, Agile/Scrum, Cross-functional Collaboration, CI/CD

Professional Experience

Leading Tech Firm — Onsite Software Engineer (React Native Developer)

Jun 2024 – Present

- Led React Native mobile development projects, improving app downloads by 30% with new feature integration.
- Reduced post-launch issues by 25% by enforcing code quality through peer reviews and automated tests.
- Collaborated with cross-functional teams, achieving a 15% faster delivery timeline.

mVerve Technologies, Bangalore — Full Stack Engineer (Web & Mobile)

May 2021 – Jun 2024

- Built and optimized cross-platform applications (React Native, Ext JS, Ruby), increasing user engagement by 70%.
- Refactored legacy codebases, cutting load times by 50% and reducing data errors by 40% through automation.
- Implemented intuitive UI/UX design that led to an 80% boost in user satisfaction.
- Managed bug resolutions and QA feedback to maintain stable release cycles.

Zcodia Technologies, Chennai — Junior Web Developer

Mar 2019 – Apr 2021

- Developed responsive web solutions using HTML, CSS, Angular, Node.js, and Bootstrap.
 - Customized WordPress implementations, improving client satisfaction by 40%.
 - Resolved high-priority issues and supported clients with technical problem-solving.
-

Professional Projects

Sales Management Mobile App (React Native, Salesforce – 2024 – Present)

- Developed a sales productivity tool integrated with Salesforce for seamless CRM interaction.
- Conducted code reviews, fixed QA bugs, and collaborated on UI/UX design for mobile and Tab experience.

Yashoda Hospital App (Ext JS, Ruby, PostgreSQL – 2021 – Present)

- Developed both mobile and web content management tools for the hospital's sales team.
- Platform accessible via <https://yhspark.net>.

Property-Bid Web App (Angular, Node.js, PostgreSQL – 2019 – 2020)

- Created an online property auction platform with a responsive front-end and robust back-end.
- Focused on scalable component libraries and smooth user experiences.

NCT Quotation App (Ext JS, Ruby, PostgreSQL – 2021)

- Delivered both Android and web apps for internal quoting process.
 - Project URL: <https://nct-test.grtechnologyinc.com>
-

Education

Master of Computer Applications (MCA)

Hindustan Institute of Technology, Coimbatore – 2015 – 2017

Bachelor of Computer Applications (BCA)

St. John's College, Palayamkottai – 2012 – 2015

Certifications

- [React Native Frontend web development – Udemy]
 - [Tableau Data Analyst/Specialist Desktop Certification - Udemy]
-
